An Introduction to Project Management, Fifth Edition
So I have read Kathy's books through the years especially when I want to brush up on PMP terminology and moving into a Project Management role. It's a good read and she does more than just regurgitate the PMI PMBOK but instead has good examples, stories from actual events, and how reality works in Project

Information Technology Project Management by Kathy Schwalbe

"Information Technology Project Management" is the first project management title with a focus solely on Information Technology projects. The book combines the best of both worlds: an academic text that treats project management from a research point of view, providing running cases and other strong pedagogical elements; and a practical text that provides hands-on projects at the end of each ...
