Lean Production

(Introduction) Lean

production is an

approach to

management that

focuses on cutting out

waste, whilst ensuring

quality. This approach

can be applied to all

aspects of a business

– from design,

through production to

distribution. Lean

File Type PDF

The Portal To

production aims to cut costs by making the business more efficient and responsive to market needs. This approach sets out to cut out or minimise activities that do not add value to the production process, such as holding of stock, repairing ...
